Class: Year 6 Aqua

National Curriculum Year:
2017/2018

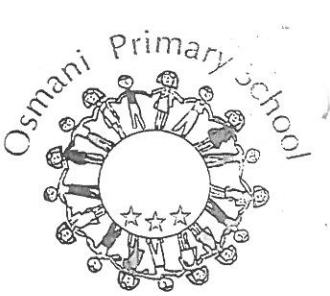

Reach For The Stars

Best moments in Year 6

Year 6 has been a tremendous year for me! It has been a fun-filled year that was full of exciting moments. Some of the momentous moments that I will cherish include; our trip to Chessington World of Adventures; the residential to Kingswood; and going to the Tower Hamlets Book Awards event.

Before we started Y6, I had a mixture of feelings - I was excited about moving on to Year 6, but I was also worried as Y6 is the most stressful year of primary school. The most worrying thing that got to me was SATs. But it turned out to be a great year. I was still anxious about SATs, but as that is out of my way, I feel a bit calmer.

My number one trip was definitely our outing to Chessington World of Adventures. It was a fun, thrilling experience for me. I was scared at first, but as I tried and never gave up, I dared myself to go on all of the rides, which lead me to overcome my

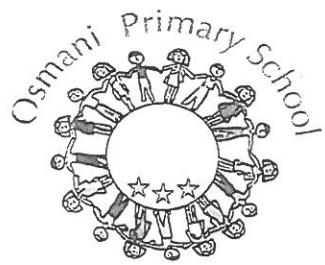

Reach For The Stars

fears. The Vampire ride was one of my favourites as it made me feel that I was flying in the air like a bird.

Another trip that I truly enjoyed was our residential trip to Kingswood as it gave me an opportunity to become independent. I learned how to live without my parents. Fortunately, I had survived all the obstacles that came in my way. Even though I was terrified of all the high rope activities, there was one high rope activity that I liked - Jacob's ladder. It was fun as the ladder kept on wobbling, while me and my partner (who was also frightened) tried to climb onto each step. It was a never-forgetting experience.

One particular occasion that I will treasure was the Tower Hamlets Book Awards event because I won an achievement based on my artwork. I had spent a lot of time making this piece of artwork. I had made a book cover with a poem based on the story called 'The Library of Lemons' which

Reach For The Stars

was good. I also met the author who wrote it. I got a parcel which contained a book and an author's signature named Jo Cotterill. She was the author who wrote the book called 'The Library of Lemons'. I also met her and got a chance to talk to her at the ceremony.

Having a growth mindset means to persevere and try to achieve your goal. Next year, I want to make more progress in my Maths and English/Literacy, so I can be prepared for my exams / GCSE's. The way I am going to achieve this is to use my growth mindset.
