17-18

Reach For The Stars

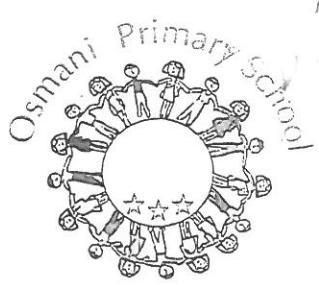

### Best moments in Year 6

It seems like we have been through everything in Year 6, haven't we? SATS is completed; Chessington is over and Kingswood is long gone, so that's why I'm doing my "Best moments" piece of writing and I will focus on events I mentioned above.

Welcome to, "My Best moments OF 17-18."

Before we started Y6, I had a bunch of mixed feelings and lots of anxiety. What if I fail SATS?

What if I mess up? Will I be described a failure? But after many disagreements, I had no choice but to just deal with it and experienced it.

Reach For The Stars

My number one "thriller" was Chessington, sure, I didn't go on the scary rides and sure, I was a little scared (I was petrified). I did not go on Dragon's Fury or the Vampire, instead, I experienced <sup>other rides.</sup> Even though I was fearful, I entered Tiger ROCK. This was the only ride I had been on. I still remember every detail.

"3")

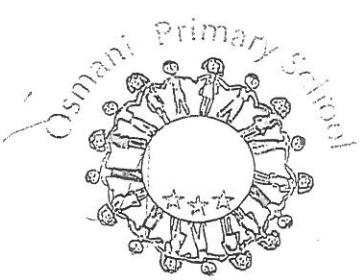

We were trying to get comfortable for the ride.

"2")

"1")

We turned Left and right and left and right until we stopped. When I looked straight I knew exactly what was happening. A ramp as big as the Statue of Liberty was among us.

"Clunk, clunk, clunk" the sound of the raft resonated in my head when we reached the top. "Whoosh!" When we reached the bottom,

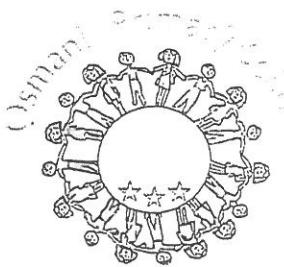

Reach for The Stars

I was relieved, I survived, with soggy clothes.

Kingswood is my second choice because of the Leap of Faith. The supervisors told me the "Leap of Faith" is a pole so I thought it couldn't be that tall. Why I was so wrong! The long wooden stick made me look like a midget and I got to climb it. When I approached the harness, I looked up. The pole was shaking. I climbed up 3 layers but my fear of heights got the better of me and I fell in seconds. It turned out I lasted 10 seconds before slipping off the high climb.

SATS are my 3<sup>rd</sup> choice not because it was fun, but most of the questions were not as challenging as I thought they would be. For example,  $743 + 100 = ?$  SATS lasted a week but the tests were only for about an hour every day.

Zenny Gao Year 6

considering all my achievements this year, I am most proud of SATS since I think I have answered most of the questions.

Next year, I will try to go to France in secondary and to be in a football team (not in France). I liked year 6 and I will never forget these moments.
