

Name: Naheeda

Class: Year 6 Aqua

National Curriculum Year:
2017/18

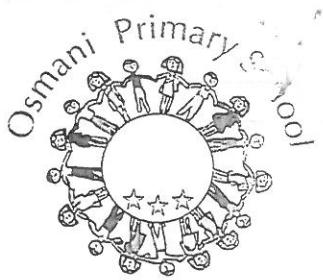

Reach For The Stars

Best moments in Year 6

Year 6 is drawing to a close and it's been a fun-filled, fantastic year. Some of the most memorable moments include our trip to Chessington World of Adventures, our residential at Kingswood; and writing The Piano.

Although it's been an exciting year, before we started there was a frenzy of feelings. I felt anxious because I absolutely dreaded SATs, but I was slightly calmer when I realised I would be one of the eldest students in the school. Finally!

One trip I will never forget is Chessington because of all the thrills and elation. My group's first ride was Dragon's Fury so I let out most of my screams and shrieks on it with my partner, causing another group to giggle at our expressions and cries for help. I also enjoyed the Rattlesnake because we were knocked

Reach For The Stars

from side-to-side, shaking my insides and rattling my bones. Honestly, I thought the safety bar wasn't secure and I was going to fall out at any second.

Another fun moment was when we stayed at Kingswood. My favourite activity was the 3G swing because it was electrifying to fall down so quickly, and by the time it stopped, I thought I was still in the air. I also enjoyed it because I built new friendships and we're still as close as ever, even if we're not all going to the same secondary school.

One particular topic I will remember is The Piano as it was an upsetting story but it had an interesting plot as you get to describe the main character's flashbacks, including his marriage and the loss of a friend in war. It was difficult to write but I was pleased with the outcome.

Considering all my achievements this year, one thing I am proud of is being an Awards pupil as I have become a better violinist and will play at a concert in People's Palace.

Having a growth mindset means to persevere and never stop trying, as if we don't try, we don't know exactly how great we are at something. Next year, I hope to make new friends and do as well in secondary as I've done in primary school.
