

Name: Samiur

Class: Year 6 Turquoise

National Curriculum Year:

2017/2018

Reach For The Stars

### Best moments in Year 6

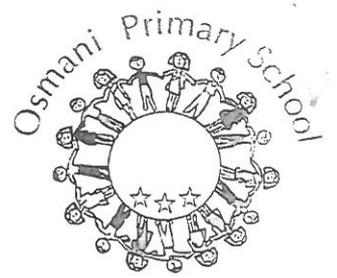

I can't believe it's over! Year 6, which has been a fun-filled year, was both exciting and stressful.

Some of the most memorable moments in Year 6 include:

our trip to Chessington World of Adventures;  
our residential to Kingswood and learning about Adolf Hitler.

Before I started Year 6, I felt a mixture of emotions. At first, I was extremely worried about my SATs. Would I pass? Later, I realised that it wasn't as difficult. Furthermore, I was also worried because of all the practice tests we had to do.

One trip I will never forget is the residential trip to Kingswood. One of the

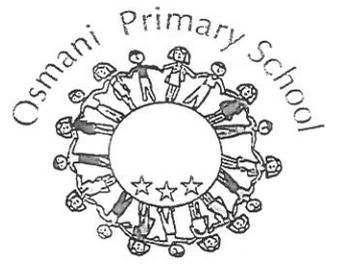

Reach For The Stars

main attractions was the 3G Swing. It got its name because when you are swooping down, you go 3x faster than normal gravity. This ride was the best and one of the scariest rides I had ever experienced.

As soon as I finished, adrenaline rushed through my veins as my friends cheered and supported me.

Another trip I truly enjoyed was Chessington World of Adventures. One of the rides I really wanted to go on was the Vampire. It was the fastest ride there. As soon as I knew about that, I decided not to go (I thought I was going to faint). Instead, my most favourite ride was the Rattlesnake. I still regret it to this day that I didn't overcome my fears.

Reach For The Stars

My favourite lesson in Literacy was learning about Adolf Hitler. Learning about him was interesting because I always wondered what had made him start the most devastating event in human history.

Considering all my achievements this year, I am most proud of finishing SATS because most of Year 6 I was preparing for it.

Having a growth mindset means persevering and trying your hardest. Next year, my goal is to make sure I am part of the highest sets in Literacy and Maths.
