RE

What do some people think carries on after we have died? What is our soul?

Fold a piece of A4 paper in half, landscape. Draw a portrait of yourself on one side and write your characteristics and personality traits down the other side. Characteristics and not physical descriptions.

Discuss this idea of the soul. What do you think it looks like? What happens to it when we die? Where does it come from? Do animals have souls? Does the spirit or soul have anything to do with God?

PE- Daily workouts [5 Minute Workout](#)

PSHE

Create a spider diagram with your treasure in the centre (for your treasure write a learning goal for this year). Then radiating from the treasure, write three perceived obstacles to learning- what might stop you achieving your goal? Are there people, things or behaviours that might get in the way of your learning? For each of the obstacles write a solution to overcoming it. Radiating from each of these solutions then write a reward you would like to receive when you have achieved that learning and overcome that obstacle. (The rewards do not have to be material rewards)
