### **Maths**

**Learning Intention:** To share equally.

**Success Criteria:**

**I can...**

- Count a total number of objects
- Give out one at a time
- Say how much each group has.

### **Starter Activities:**

Lets compare smallest/largest

<https://www.topmarks.co.uk/early-years/lets-compare>

counting in 2s, 5s and 10s.

<https://www.topmarks.co.uk/learning-to-count/paint-the-squares>

one more/one less

<https://www.topmarks.co.uk/learning-to-count/chopper-squad>

Collect some objects from around the house up to 10 (fruits, pens, toys etc) Explain to your child that you would like to share the objects equally between you and them. Pose questions: how can we share so that it would be fair? What do we need to do? Adult to model sharing the toys equally between the two groups. Ask your child how they know that both groups are equal.

Repeat this activity increasing the number of objects used.

### **Oak National Academy (Maths):**

Oak National Academy is providing Maths lessons for Reception. While they do not follow the same themes we are focussing on in our school planning, feel free to browse their website for

additional learning for your children. Each week, they have daily lessons. Have a look at some focused on adding:

### How to help young children learn at home.

You can help your child to learn through the little things you do with them, for example:

- everyday conversations
- make-believe play
- games with numbers or letters
- reading together
- involving them in the things you are doing, such as household chores, and talking with them about it

Find ideas for new things you can try at [Hungry Little Minds](#).

You do not need to set separate time or plan complicated activities dedicated to learning. These activities can be built into everyday life and play.

You know your child best. Avoid forcing them into lengthy planned activities if they naturally respond better to a mix of shorter activities. This can stop them getting bored or frustrated and keep them active, interested and learning through things they enjoy.

For more information on supporting younger children to learn at home, please take a look at the Department for Education's official guidance notes:
