

Year 6 Weekly Homework Week Beginning 12.4.21

Rights Respecting Articles: Article 3 -The best interests of the child must be a top priority in all decisions and actions that affect children

Global Goal 4- Good Health & Wellbeing

MATHS

Maths -

Monday and Tuesday -One more

Wed and Thursday - One less

Friday -recap of one more/less

Make a Number line:

One more

NB: Use a small toy, such as a Lego character; place him on the number of your choice; move your character one space forward, to the right to show one more e.g. If your character is on number 5, to find one more, you will move it to number 6

Adding one more: Get a pillow case; place some objects into it and count them as you do so. Once you have a number objects in your pillow, remember how many you put in. e.g. • You may have placed 3 toy cars into your pillow case. • Now add one more • How many are in there? NB: You can use your Lego character and number line for this. Just place your character on the number 3, as that is how many objects were in your pillow case. You added one more item so move your Lego character, one space to the right and it should land on number 4. Therefore, you now have 4 items in your pillow case. Open it to see if you were correct.

Number Blocks – Adding one more <https://youtu.be/q811pYA6lU>

One less

Use a small toy, such as a Lego character; place him on the number of your choice; move your character one space back, to the left to show one less. e.g. If your character is on number 5, and to find one less, you will move it to number 4.

Repeat pillowcase activity, but this time starting with a certain number of objects and removing one.

LITERACY

Spelling

said a the hello the little

Literacy Daily Lessons

Practice mark making. Continue to write your name independently. Practice letters of the alphabet.

HFW game <https://www.starfall.com/h/word-machines/>
<https://www.bbc.co.uk/bitesize/articles/zjjyhcv> making words

<https://classroom.thenational.academy/units/the-sweet-talking-potato-b937>

Reading - select a book of your choice

<https://www.purplemash.com/sch/osmani>
<https://stories.audible.com/discovery>
<https://www.bbc.co.uk/bitesize/articles/z7f2xyc> - Cake

Geography

Look at the Japanese alphabet, how do the letters vary? How is the Japanese alphabet different to the English alphabet?

Using paints/colours etc. write own name in Japanese

アミール

Use google translate for support write a short message to friends or family or both.

Life skills - making toast

Make toast (ideally using a toaster) and allow your child to watch each step. Discuss what happened first, next, after that? Child then draws the different steps taken on small pieces of paper. Allow them then to sequence the pictures to show the understanding of the order. Next child makes toast following their sequenced instructions.

Science:

Science- Sound

<https://www.bbc.co.uk/bitesize/clips/zt9tfrd>

Make a musical shaker. Ideas can be found here: <https://www.thecrafttrain.com/10-minute-toilet-roll-shakers/>

Use the shaker to experiment with loud and quiet sounds.

PE 10 minute shake up
