**SCIENCE**

What are constellations?

In this lesson, we will be learning about stars and their temperatures. We will also learn about constellations. You will need a piece of paper and a pencil.

<https://classroom.thenational.academy/lessons/what-are-constellations-6rukac>

**Geography**

Villages, Towns and Cities, Lesson 4 - How are settlements shaped?

<https://classroom.thenational.academy/lessons/how-are-settlements-shaped-c4wp2r>

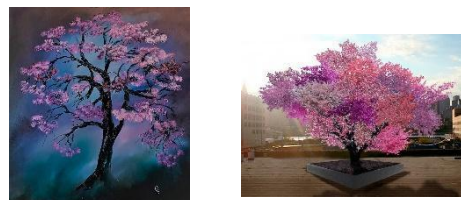

## RE

Last week you explored pictures of the natural world, looking at natural features, such as mountains, trees, rivers and hills. Imagine you could design a new tree to be added to the natural world.

What would your tree look like?  
Would it be tall or wide or both?  
What kind of leaves would your tree have?  
Which fruit would it grow?  
Or would it grow something else?  
Remember to add the background of the tree.

Create a picture, painting, collage or 3d model of your special tree. Once completed, take a picture and email it to the Year 2 email.

Now explain in writing what is special about your tree and your reasons for your design.

## Creative Arts/DT

Scrap Colouring

## PSHE

Almost every day, we hear new stories of horrendous bullying, in real life – racism and being unkind is one of them.

Lots of children are genuinely warm and caring, and find it easy to empathise with others. If you want to make a difference, why not try some random acts of kindness?

There's no guarantee of getting anything in return, but these acts are known to improve mental health, and you will get a buzz from doing something nice for someone else.

Use the link for ideas.

<https://www.theschoolrun.com/random-acts-of-kindness-for-kids>

Take a picture of your act of kindness and share it with us.
