SCIENCE

Electricity

What are circuit diagrams? - Lesson 3

<https://classroom.thenational.academy/units/electrical-circuits-06f7>

HISTORY/GEOGRAPHY

How do we produce energy (Part 2)? - Lesson 3

Click on the link below to find out more. Then, write an SA to explain what you have learned.

<https://classroom.thenational.academy/units/energy-and-sustainability-4aaa>

PSHE

I roll with my roll.

Watch the short video below to understand the roles and responsibilities you have as a citizen in your local community.

Now think about the roles and responsibilities you have in school and how they might change when you go to Year 5 next year.

What do you think might be the same or different?

What new roles might you take on?

What extra responsibilities might you have in your new year group?

Write an SA to explain your answers to the questions above.

<https://classroom.thenational.academy/lessons/i-roll-with-my-role-65h3gr>

RE

What is our relationship with the world we live in?

Then think about the following questions?

Why do we need to recycle?

Who is responsible for taking care of the world we live in?

How can we protect the land, sea and air from the rubbish we create?

Why is the world precious to us?

Write an SA to explain the responsibilities we have in caring for this world and things that live in it. Then use junk materials that you could recycle to create a model of a place on Earth that you would like to protect better (e.g. Rainforests).
