**LITERACY**

**Spelling**

be so do go dog am

**Literacy Daily Lessons**

Practice mark making. Continue to write your name independently. Practice letters of the alphabet.

HFV game <https://www.starfall.com/h/word-machines/>

**Reading - select a book of your choice**

<https://www.purplemash.com/sch/osmani>

<https://stories.audible.com/discovery>

Read stories that you love and enjoy. Join in with the repeated words in the story and perform actions and expressions.  
What has happened? What might happen next? What is your opinion of the characters?

**SCIENCE**

**10. A DIY robot hand**

The actual activity will test his engineering skills while it develops hand-eye coordination and provides insight into the anatomy that provides function and mobility to the hand.

What you need:

- Paper
- Pens
- Straws
- String

How you do it: Through a simple series of cutting, pasting, and threading tasks, children can easily put together this hand. You may wish to give each child a page that already contains little marks as a guide for where they should stick their pieces of straws.

To make it safer, you could provide pre-cut straw pieces. The children will love to thread the string through the straws, you can explain to them that the snake has to go through all of the tunnels.

### HISTORY

**Look at different war vehicles and create your own using resources from within the home.**
